

ASSET & DATA REQUEST

For: **Giselle** · From: **Jon**
August 25, 2026 · Show: **Sept 10–13, 2026**

The rebrand of **acvirtualboatshow.com** to the official show identity is in progress now. The items below finish the job — the first five are blocking, the rest tighten it up.

NEEDED TO FINISH THE SITE **BLOCKING**

- 1 Official 2026 visitor map**
The approved version at the highest resolution available (PDF, AI, or large PNG). We must use it exactly as approved, so we need the original file — the site currently shows a low-res copy from the review mockups.
- 2 Show photography, licensed for web use**
6–10 large images: boats and dealer tents at the marina, the AC skyline over the water, Marine Marketplace tents/booths, and Golden Nugget / waterfront dining. The bigger the files the better — we handle compression.
- 3 Marine Marketplace exhibitor data**
Per exhibitor: booth number, category (e.g. Electronics & Navigation, Marine Audio), a one-line description, and a logo file. We already have names, cities, and phone numbers for the 38 exhibitors and 24 dealer locations.
- 4 Dock/slip assignments for show boats**
Which dock and slip each dealer's boats will occupy (dealer + brand/model is enough to match listings). Please also confirm "250+ boats" is the official count language.
- 5 A text/SMS number for each dealer**
A number visitors can text from a boat's page, since dealership locations will be sparsely staffed during show week. One per dealer — or tell us if there's a central show/concierge number to use instead.

WE CAN SHIP WITHOUT THESE **NICE TO HAVE**

- 1 Boat Show brand sheet**
Mainly the official font names — we've matched the review mockups with Poppins in the meantime.
- 2 "LET'S BOAT!" campaign lockup**
As a file, if it exists — recreated in site typography for now.
- 3 Plan Your Visit facts**
Daily hours, ticket pricing, parking details.
- 4 Confirm dining listings & numbers**
